

## **2025 Parking Rules and Regulations Villa Del Sol Condominiums Orlando (VDS)**

All residents are required to have a 2025 Parking Permit placed on the bottom left (driver's side) rear windshield. Parking Permits are only issued once per year. All new residents moving to VDS during the year will be required to pay a \$20 administrative fee per vehicle. If a resident fails to submit a parking permit form then no permit will be issued and vehicles will be towed. For visitor vehicles staying overnight or more than 8 hours during the day a temporary visitors permit is required and can be received from the HOA for a \$5 fee. Please submit a temporary visitor permit request at least 24 hours in advance.

Vehicles must be registered to a resident that resides at VDS. Proof of valid registration and residence are required to receive a parking permit. Per the HOA Bylaws Rules and Regulations page 5 number 22 'Motor Vehicles' no repair of vehicles with the exception of emergency repairs is permitted on the Condominium property or outside the gates of the Condominium. Completing vehicle repairs will result in automatic towing, fines, or suspension of your parking permit.

Failure to follow these Rules and Regulations will result in the suspension of your Parking Permit and your vehicle will be towed. Parking Permits are the property of VDS. These Rules and Regulations are subject to change.

### **Fees:**

- 1st vehicle - \$13
- 2nd vehicle - \$25
